As the population of native speakers ages, younger generations breathe new life into study of the language. In college courses, community education classes, and study teams, learners of all ages practice speaking and writing at the same time that they come to understand the storied history of this significant Native American group. Nicolette Knudson and Jody Snow, students of the language, along with Dakota instructor and revered elder Clifford Canku share their expertise through activities that organise the language at its most basic level. Twenty-four lesson plans build on each other and use cultural and historical information to increase understanding of the Dakota language and world view. Exercises offer opportunities to practice writing and speaking, increasing vocabulary and introducing grammatical building blocks that enhance comprehension. Glossaries provide translations from Dakota to English and back again. With these features and more, this is an invaluable tool for speakers of all levels.
