How to Read Jung

By David Tacey, Andrew Samuels

GRANTA BOOKS, United Kingdom, 2006. Paperback. Book Condition: New. 194 x 128 mm. Language: N/A. Brand New Book. The world today hangs by a thin thread, and that thread is the psyche of man - C. G. Jung. Jung was the original anti-psychiatrist, who believed that the real patient was not the suffering individual, but a sick and ailing Western civilization. He was not interested in developing a narrow therapy that would help fit the individual into an untransformed society. His true aim, in all of his work, was a therapy of the West. David Tacey introduces the reader to Jung s unique style and approach, which is at once scientific and prophetic. Through a series of close readings of Jung s works, he explores the radical themes at the core of Jung s psychology, and interprets for us the dynamic vision of the whole self that inspires and motivates his work. Extracts are taken from Jung s autobiography, Memories, Dreams, Reflections , and from his collected works, including Archetypes and the Collective Unconscious , and Civilization in Transition .
