This handy resource is a step-by-step method to improve recognition of rhythm patterns and metric pulse. The exercises are graduated from beginner to advanced levels in simple, compound, and irregular time signatures.

Through regular practice, these drills will help music students of all instruments develop a strong sense of rhythm and at the same time improve their sight reading abilities. Samples are available for viewing along with instructional videos on the website. Other publications in The Piano Workbook Series available through Amazon: The Piano Workbook: A Resource and Guide for Students in Ten Levels is an assignment book and so much more for students from junior to senior levels with: multiple homework pages, practicing ideas, goal setting, technique, sight reading and ear training drills, theory references, musical eras and a glossary. Two editions with specific exam requirements (RCMEMDP or CM) are available but custom editions tailored to the needs of the teacher can be ordered through www.pianoworkbook.com. The Piano Workbook Teachers Manual addresses a full range of theoretical and practical pedagogical topics for instructors of all experience levels. The Sight Reading...
