London is not England, and the fact was recognized by the patriotic men that now came to the front in the national councils of war. Moreover, the British Islands are difficult of subjugation, for a reason which every student of the map will recognize at a glance. Part of the manliest portion of the population lies in the north, and to advance in hostile force northward for so great a distance as would be necessary to conquer the entire island would be no easy task for any foe. As the days passed by, this appeared plainer and plainer. News came from abroad too that did not tend to sustain the once boisterous spirits of the French. The gallant Sikhs, Ghoorkas, Punjabees, and English were landed in Egypt, under the command of an experienced general from India--General Roberts--who had routed the French...

### Reviews

*This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*
