Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from From Trail to Railway: Through the Appalachians This book grows out of the conviction that geography in the schools must return somewhat to human interests. In saying this the author will scarcely need to defend himself against the charge of undervaluing physiography. It is only a question of wise adaptation to youthful students. Elementary history also needs to be placed in its setting of physical conditions. It is here attempted to promote both these objects in the study of the eastern United States. If geography and history can be well correlated, both of these great themes may be taught with economy of time and with stronger interest. Much more might be said concerning the growth of centers, the agriculture, and the commerce, but the limits of space are rigid. Hence roads and westward movements have been made the main topic. The geography is not taught formally, but is woven in with the story. Care has been given to the maps of the several regions, that they should clearly express the essentials and avoid the vagueness...
