Taylor Francis Inc, United States, 2005. Paperback. Book Condition: New. 208 x 152 mm. Language: English . Brand New Book. Time-effective intervention and prevention tools for dealing with addiction Addiction, Assessment, and Treatment with Adolescents, Adults, and Families examines addiction concerns ranging from prevention to relapse, offering effective intervention techniques and assessment tools to ensure delivery of the best possible service to clients who represent a variety of populations and mental health issues. Leading addiction researchers address new developments in theory, methodology, treatment, and assessment on counselor beliefs, contingency management, group treatment, rapid assessment instruments, behavioral couples therapy (BCT), family-based intervention, motivational interviewing, and 12-step programs and faith-based recovery. This essential professional and academic resource presents case studies, reviews, research findings, and empirical papers that offer unique perspectives on a variety of topics, including evidenced-based practice, theory of reasoned action, harm reduction, juvenile justice, and treatment outcomes. Addiction, Assessment, and Treatment with Adolescents, Adults, and Families presents sophisticated, cutting-edge theory and practice concepts that provide professionals, practitioners, and educators with a more varied focus than most current available books on addiction. Counselors working in mental health settings and EAP programs, psychiatric nurses working in hospitals and outpatient settings, social workers, and students pursuing degrees in social work, nursing, psychology, and criminal justice will benefit from the book s wide range of appropriate addiction, treatment, and prevention methodologies. Topics addressed in Addiction, Assessment, and Treatment with Adolescents, Adults, and Families include: * understanding the gap between research and practice in substance abuse counseling * prevalence and patterns of illicit drug use among juvenile offenders * the relationship between the reported substance abuse of African-American and Hispanic youth and their perceived attachments with their primary caregivers * using a harm reduction approach to the evaluation of treatment outcomes * using a nonconfrontational...
