Brand New Book ***** Print on Demand *****.Excerpt from The Packard Commercial Arithmetic The question as to whether a new Commercial Arithmetic was called for, is answered in the ready sale which has attended the publication of this volume. It does not necessarily argue that other arithmetics have failed to meet a large popular demand, or that those who use them are dissatisfied with them. It simply emphasizes the fact that what may suit one intelligent teacher will not, for that reason alone, suit another; and nothing could make this point clearer than to state, what is really true, that all the Commercial Arithmetics that have appeared during the past ten years have been prepared by active teachers, who required certain things in their own work not to be found in existing books. There are few, if any, text books that could not, in some respects, be changed to advantage by those who use them; and the main reason why there are not fifty text books where there is but one is a reason of economy, rather than of inability of teachers to prepare...
